Inventor(s) : Mizugaki et al.  
Issued : June 15, 2004  
For : TERMINAL AND SERVER FOR MOBILE TERMINAL POSITIONING SYSTEM

Re: Request for Certificate of Correction

Consideration has been given your request for the issuance of a certificate of correction for the above-identified patent under the provisions of Rule 1.322.

Respecting the alleged error(s) in item (56) References Cited - Other Documents, after inspection of the application by a Supervisory Patent Examiner, they denied this request, per a conversation with applicant's representative, Juan Marquez, who indicated that the reference will not be provided. Therefore, being no fault of the Patent and Trademark Office, no correction(s) is/are in order here under United States Codes (U.S.C.) 254 or 255 and the Code of Federal Regulation (C.F.R.) 1.322 or 1.323).

In view of the foregoing, your request in this matter is hereby denied.

A certificate will issue for the remaining errors in your request.

For further consideration, see the note below.

*Note: If you obtain data that clearly shows the attorney/applicant is not in error, simply include proving/supporting documentation and associated post card receipts, along with your certificate of correction or reconsideration via postal mail, not by fax. If you do not have supporting documentation that clearly shows the attorney/applicant is not in error and verifies that the PTO is in error regarding the matter in your request - then, the appropriate fee of \$100.00 with your Reconsideration Certificate of Correction will be necessary. Depending upon the matter of your request, in addition, a petition with it's appropriate fee of \$130.00 may be necessary, or the request may be denied; please see the MPEP for further instruction and understanding. This is a general hint, which may decrease the processing time of your request.*
